Report out of Closed Session

ADOPT AGENDA

PUBLIC PARTICIPATION

Any person wishing to speak to the Board of Directors on matters listed or not listed on the agenda, within its jurisdiction, is asked to complete a Speaker Card and submit it to the Board Secretary, if you are attending in person. For anyone joining on Zoom, please wait for the Board President's instruction to indicate that you would like to speak. Each speaker is limited to three (3) minutes. Under the State of California Brown Act, the Board of Directors is prohibited from discussing or taking action on any item not listed on the posted agenda. Comments related to noticed Public Hearing(s) and Business Matters will be heard during the occurrence of the item.

Public communication is the time for anyone to address the Board on any agenda item or anything under the jurisdiction of the District. Also, please remember that no disruptions from the crowd will be tolerated. If someone disrupts the meeting, they will be removed.

PRESENTATIONS

1. Website redesign update

CONSENT CALENDAR

All matters listed under the Consent Calendar are considered routine and will be enacted by one vote. There will be no separate discussion of these items unless a member of the Board of Directors, Staff Member, or any member of the public request a specific item(s) be removed for separate action.

Consideration of:

1. Cash Disbursements Reports - September 2023.
2. Monthly Transfer Report - September 2023.
3. Monthly Revenue & Expenditures Report - September 2023.
4. Purchase Order Report - September 2023.
5. Treasurer's Report - August 2023.

BUSINESS MATTERS

Consideration of:

REPORTS - LIMITED TO 5 MINUTES MAXIMUM (Presentations or handouts must be provided to Board Members in advance of the Board Meeting).

1. **Meeting Attendance Reports**
2. **Board Committee Reports**
3. **Board Members**
4. **General Manager**
5. **Legal Counsel**
 - Updates on current legal topics/best practice

ADJOURN

DECLARATION OF POSTING:

I declare under penalty of perjury, that I am employed by the West Valley Water District and posted the foregoing Agenda at the District Offices on October 26, 2022.

Elvia Dominguez

Elvia Dominguez, Board Secretary

Please Note:

Material related to an item on this Agenda submitted to the Board after distribution of the agenda packet are available for public inspection in the District's office located at 855 W. Baseline, Rialto, during normal business hours. Also, such documents are available on the District's website at www.wvwd.org subject to staff's ability to post the documents before the meeting.

Pursuant to Government Code Section 54954.2(a), any request for a disability-related modification or accommodation, including auxiliary aids or services, in order to attend or participate in the above-agendized public meeting should be directed to the Board Secretary, Elvia Dominguez, at least 72 hours in advance of the meeting to ensure availability of the requested service or accommodation. Ms. Dominguez may be contacted by telephone at (909) 875-1804 ext. 703, or in writing at the West Valley Water District, P.O. Box 920, Rialto, CA 92377-0920.

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: November 1, 2023
TO: Board of Directors
FROM: John Thiel, General Manager
SUBJECT: CASH DISBURSEMENTS REPORTS - SEPTEMBER 2023

MEETING HISTORY:

10/25/23 Finance Committee REFERRED TO BOARD

BACKGROUND:

The Board of Directors requested the Monthly Cash Disbursements Report to be presented to the Finance Committee for review and discussion before presenting these reports to the Board of Directors. The reports are being produced by the District's Financial System (System of Records) and will be presented to the Finance Committee on a monthly basis.

DISCUSSION:

Each month, the Accounting Department provides a complete listing of all previous month's disbursements to promote fiscal responsibility and accountability over the expenditure of public funds. This process includes providing the Finance Committee, Board of Directors, and ratepayers with the opportunity to review expenses for supplies, materials, services, (**Exhibit A**) and payroll Disbursements (**Exhibit B**). Payroll is processed bi-weekly and accounts payable are processed weekly. Information to justify each payment is available through the Accounting Department. For reference, Customer Refunds are credits due as a result of closing a water account.

FISCAL IMPACT:

There is no fiscal impact for producing the September 2023 Cash Disbursement Reports.

STAFF RECOMMENDATION:

Forward a recommendation to the Board of Directors to approve the September 2023 Cash Disbursement Reports.

Respectfully Submitted,

John Thiel

John Thiel, General Manager

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: November 1, 2023
TO: Board of Directors
FROM: William Fox, Chief Financial Officer
SUBJECT: MONTHLY TRANSFER REPORT - SEPTEMBER 2023

MEETING HISTORY:

10/25/23 Finance Committee REFERRED TO BOARD

BACKGROUND:

At the August 20, 2020, Board of Directors meeting, the WVWD Board of Directors approved and authorized the Chief Financial Officer to transfer funds in/out of the District's Chase account to/from the District's investment accounts to take advantage of potential interest earnings. At this meeting, the WVWD Board also requested that the CFO provide a detailed report to the Board of all transfers on a monthly basis and include this report in the monthly financial reports presented to the Board.

DISCUSSION:

Following the Board's request for monthly updates on transfers related to investments it is being reported that there were no transfers made during September 2023.

FISCAL IMPACT:

None. No transfers were made during September 2023

STAFF RECOMMENDATION:

Forward a recommendation to the Board of Directors to approve the September 2023 Funds Transfer Report.

Respectfully Submitted,

John Thiel

John Thiel, General Manager

WF

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: November 1, 2023
TO: Board of Directors
FROM: William Fox, Chief Financial Officer
SUBJECT: MONTHLY REVENUE & EXPENDITURES REPORT - SEPTEMBER 2023

MEETING HISTORY:

10/25/23 Finance Committee REFERRED TO BOARD

BACKGROUND:

The Board of Directors requested the Monthly Financial Status Reports to be presented to the Finance Committee for review and discussion before presenting them to the Board of Directors. The reports are being produced by the District's Financial System (System of Records) and will be presented on a monthly basis.

DISCUSSION:

The Monthly Financial Status Report (**Exhibit A**) summarizes the District's revenue categories as well as expenditures for all Departments. The original total budget includes the adopted budget. The current total budget includes the adopted budget plus any budget amendments or adjustments made during the year. Period activity column represents activity for the reporting periods. The fiscal activity column represents the year-to-date activity or transactions that have been recorded in the general ledger from the beginning of the fiscal year July 1 through September 30. The encumbrance column represents funds encumbered with a purchase order that's not spent but committed. The percentage column represents the percentage of the current budget that has been received (Revenue) or utilized (Expenditure). Each quarter-end, a quarterly report (**Exhibit B**) is presented to compare the current fiscal year quarter to the previous year's quarter.

FISCAL IMPACT:

There is no fiscal impact for producing the September 2023 Monthly Revenue & Expenditure Report.

STAFF RECOMMENDATION:

Forward a recommendation to the Board of Directors to approve the September 2023 Monthly Revenue & Expenditure Report.

Respectfully Submitted,

John Thiel

John Thiel, General Manager

WF

Note	Comment
------	---------

- | | |
|---|---|
| A | Increase due to delinquent charges starting again. |
| B | Decrease due to less project activity. |
| C | Increase due to high interest rates and changes to investment strategy. |
| D | Decrease due to minimal amount of purchased water. |
| E | Increase due to repair & maintenance of domestic mains. |
| F | Quarter 1 for Fiscal Year 2022- 23 had no litigation loss. |

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: November 1, 2023
TO: Board of Directors
FROM: John Thiel, General Manager
SUBJECT: PURCHASE ORDER REPORT - SEPTEMBER 2023

MEETING HISTORY:

10/25/23 Finance Committee REFERRED TO BOARD

BACKGROUND:

The West Valley Water District (“District”) generated thirty-one (31) Purchase Orders (“PO”) in the month of September 2023 to various vendors that provide supplies and services to the District. The total amount issued to PO’s for the month of September 2023 was **\$372,274.42**. A table listing all PO’s for September 2023 is shown in **Exhibit A**.

There were no Change Orders (“CO”) approved at the General Manager’s approval level during the month of September 2023.

FISCAL IMPACT:

There is no fiscal impact for producing the September 2023 Purchase Order Report.

STAFF RECOMMENDATION:

Approve the September 2023 Purchase Order Report.
 Respectfully Submitted,

John Thiel

John Thiel, General Manager

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: November 1, 2023
TO: Board of Directors
FROM: William Fox, Chief Financial Officer
SUBJECT: TREASURER'S REPORT - AUGUST 2023

MEETING HISTORY:

10/25/23 Finance Committee REFERRED TO BOARD

BACKGROUND:

On a monthly basis the Finance Committee meets with the General Manager and Finance Staff to review the Treasurer's Report that covers the prior month. This encompasses balances, reserve levels, reserve classifications, interest earned, investment maturities, reinvestments made during the month, and compliance with the State of California Local Agency Investment Guidelines.

DISCUSSION:

West Valley Water District ("District") contracts with the Clifton Larson Allen LLP to prepare the monthly Treasurer's Report. This is an independent report that opines on the investment balances, classifications, and activity. This report also examines the District's investment policy to ensure that it follows the State of California's Local Agency Investment Guidelines (Government Code Section 53601(b)). The Treasurer Report for the Month of August 2023 (Exhibit A) is presented to the Finance Committee for review and discussion.

FISCAL IMPACT:

Monthly Cost of \$2,625 was included in the FY 2023-24 annual budget.

STAFF RECOMMENDATION:

Approve the August 2023 Treasurer's Report and forward it to the Board of Directors for their review and approval.

Respectfully Submitted,

John Thiel

Chief Financial Officer

*Quarterly interest posted the month following the quarter end.

West Valley Water District Investment Memo – August 2023

Note:

All significant assumptions, methodologies and analyzed amounts were discussed with and agreed to by the District's accounting staff. From this conversation, we believe the District's accounting staff has the requisite knowledge and understanding of the processes/analyses prepared by CLA as not to impair our independence.

Total Fund Balance

When comparing the District's total fund balances month-over-month between August (\$118,790,551.12) and July (\$120,458,297.93), CLA found the fund balance decreased by \$1,668,446.81 between August and July 2023.

U.S. Bank Chandler Custodial Account

Cash/Money Market - Per Section 9.11 of the District's investment policy, "The company shall have met either one of the following criteria: 1) attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs "Nationally Recognized Statistical Rating Organization" or 2) retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years of experience managing money market mutual funds with assets under management in excess of five hundred million dollars." Based on Chandler Asset Management's reconciliation summary for the period ending August 31, 2023, CLA was able to confirm the District's cash and money-market securities were in accordance with the investment policy. CLA also conducted a review of the District's cash and money-market securities and found that all the District's holdings were in alignment with the requirements set forth in the investment policy.

In addition to ensuring that the District's money market funds attained the highest ranking provided by more than one NRSRO, the District also met the requirements outlined in Section 9.11 of the investment policy through its established relationship with Chandler Asset Management. With total assets under management of over \$30 billion with over thirty-five years of experience in managing money market mutual funds, Chandler Asset Management exceeds the requirements of the District's policy.

Per the investment policy, the maximum percentage of District investments in money market funds is capped at 20%. Similarly, the allowable mutual fund and money market account instruments per California government code (Sections 53601(I) and 53601.6(b)) for local government entities are also capped at 20%. The District's money market balance percentage as of August 31, 2023 is 0.1%. Therefore, the District is following both the investment policy and California governmental code.

United States Treasury Issues – Per Section 9.1 of the investment policy, "there's no limitation as to the percentage of the portfolio that may be invested in this category."

The District's investment policy is in uniformity with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(b)). These guidelines establish that maximum investment maturities for United States Treasury Obligations are limited to five years. However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five-year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the

West Valley Water District Investment Memo – August 2023

five-year maturity limit. These guidelines do not establish a maximum specified percentage of the District's investment portfolio for United States Treasury Obligations.

As of August 31, 2023, 61.78% of the District's total portfolio is invested in United States Treasury Issues. With no maximum percentage established for United States Treasury Issues, the District is in conformity with the investment policy and the State of California's Local Agency Investment Guidelines.

Negotiable Certificates of Deposit – Section 9.4 of the District's investment policy states "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO." All instruments categorized as negotiable certificates of deposit in the District's portfolio follow Section 9.4 of the investment policy, as each security has a satisfactory long-term debt rating, and the investment matures within the five-year time frame as dictated in the policy. Based on CLA's analysis, the purchase dates for all medium-term notes fall within the five-year framework established in the investment policy.

Per Section 9.4 of the investment policy, the maximum percentage of investments in negotiable certificates of deposit is 30% of the portfolio.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(i)) regarding negotiable certificates of deposit. These guidelines establish a maximum specified percentage of the District's investment portfolio for certificates of deposit at 30%. The State of California's guidelines also establish that maximum investment maturities for medium-term notes are limited to five years.

Negotiable certificates of deposit constitute 0.0% of the District's total investment balance as of August 31, 2023. Therefore, the District is following both the investment policy and the State of California's standards.

Medium-Term Notes – Section 9.10 of the District's investment policy states "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO." The investment policy also states that medium-term notes should have a "maximum remaining maturity of five years or less." All instruments categorized as medium-term notes in the District's portfolio follow Section 9.10 of the investment policy, as each security has a satisfactory long-term debt rating, and the investment matures within the five-year time frame as dictated in the policy. Based on CLA's analysis, the purchase dates for all medium-term notes fall within the five-year framework established in the investment policy.

Per Section 9.10 of the investment policy, the maximum percentage of investments in medium short-term notes is 30% of the portfolio.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(k)) regarding medium-term notes. These guidelines establish a maximum specified percentage of the District's investment portfolio for medium-term notes at 30%. The State of California's guidelines also establish that maximum investment maturities for medium-term notes are limited to five years.

Medium-term notes constitute 7.25% of the District's total investment balance as of August 31, 2023. Therefore, the District is following both the investment policy and the State of California's standards.

West Valley Water District Investment Memo – August 2023

Federal Agency Obligations – Per Section 9.5 of the District’s investment policy, “there is no limitation as to the percentage of the portfolio that may be invested in this category, however, purchases of callable Federal Agency obligations are limited to a maximum of 30 percent of the portfolio.” Although the policy does not explicitly list the bond rating requirements for federal agency obligations, all the District’s current federal agency holdings are rated AAA by multiple NRSRO’s as of August 31, 2023.

While the State of California’s Local Agency Investment Guidelines have not established a maximum specified percentage for investments in federal agency obligations, these guidelines establish that maximum investment maturities for Federal Agency Obligations are limited to five years (Government Code Section 53601(f)). However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit.

Federal agency obligations represent 7.73% of the District’s total investment balance as of August 31, 2023. Therefore, the District is in accordance with both its investment policy as well as the guidelines set-forth by the State of California.

Local Agency Investment Fund (LAIF)

The State of California, Local Agency Investment Fund (LAIF) processes a same-day transaction if notified by 10:00 am. This ability satisfies the investment requirement of 24-hour liquidity as stipulated in the investment policy for the District.

Per Section 9.2 of the District’s investment policy, the maximum percentage of investments in the State of California, Local Agency Investment Fund is unlimited.

The District’s investment policy is also in accordance with the State of California’s Local Agency Investment Guidelines (Government Code Section 16429.1) concerning the Local Agency Investment Fund. These guidelines establish no maximum specified percentage of the District’s investment portfolio while also dictating no maximum maturity date for LAIF investments.

Per the Standard and Poor’s rating system, California’s Current Credit Rating is AA-, identifying the credit quality of the fund’s portfolio performance as strong.

As of the period ending August 31, 2023, the District’s Local Agency Investment Fund balance represents 5.30% of the District’s entire portfolio. Therefore, the District is following the investment policy as well as the standards of the Local Agency Investment Guidelines.

Based on the LAIF performance report dated September 14, 2023, LAIF investments had a net-yield of 3.434%. Regarding portfolio composition, LAIF fund investments were split into the following categories (percentages may not total 100% due to rounding):

- Treasuries- 59.91%
- Agencies- 24.30%
- Certificates of Deposit/Bank Notes- 7.59%
- Commercial Paper- 4.61%
- Time Deposits- 3.10%
- Loans- 0.23%

West Valley Water District Investment Memo – August 2023

- Corporate Bonds- 0.26%

On March 20, 2019, the District received a \$3 million dollar settlement as part of a larger association of local water districts and municipalities, from the San Gabriel Valley Water Company, Fontana Union Water Company, and the San Gabriel California Corporation. Per the settlement agreement, “West Valley and the non-settling plaintiffs separately asserted six claims alleging breach of contract and other claims arising from the 1961 Decree.” The 1961 Decree governs groundwater pumping from a portion of the Rialto-Colton Basin. The claims also concern the defendants (Fontana Parties) pumping from a portion of the Rialto-Colton Basin that is outside the Rialto Basin as defined by the 1961 Decree. The San Bernardino Basin Area and most but not all the Rialto-Colton Basin are located within the service area of the Valley District and this violation served as the basis of the settlement.

The settlement check was received and deposited into the District’s General Government Checking bank account and the District’s board approved the transfer of the \$3 million in settlement funds to the District’s LAIF account on April 4, 2019. While these funds have been earmarked for Capital Improvement Projects, the District has yet to allocate these funds to any specific project and the District will house all settlement funding in the LAIF account until board approval is received for the allocation of these funds.

The Investment Trust of California (Cal TRUST)

The District maintains investments in the CalTRUST Short-Term Fund. For the month ending August 31, 2023 the Net Asset Value per share was \$10.01 (\$17,372,250.85 book value) for CalTRUST Short-Term Fund investments. Per the CalTRUST Month End Portfolio Statistics dated August 31, 2023, the credit rating for the Short-Term Fund is AAF, identifying the credit quality of the fund’s portfolio performance as very strong.

Section 9.3 of the District’s investment policy states “no limit will be placed on the percentage total in this category.” The State of California also fails to establish a maximum percentage total for investment trusts per Government Code Section 16340. As of the period ending August 31, 2023, the District’s CalTRUST investment balance represents 14.62% of the District’s entire portfolio. Therefore, the District is following the investment policy and the standards set-forth by the State of California as it relates to CalTRUST securities.

Bank Deposits

Based on the District’s investment policy, “Securities placed in a collateral pool must provide coverage for at least 100 percent of all deposits that are placed in that institution.” As of August 31, 2023, the District maintained balances within the FDIC limit of \$250,000 for each of its bank accounts, except for the Chase General Governmental Checking account. The Chase General Governmental Checking account maintains funds for operational purposes and normally carries a balance of at least \$1.5 million dollars which represents funding for one payroll, and one accounts payable check run. In CLA’s comparison between the District’s general checking account balances for August 2023 (\$2,585,976.15) and July 2023 (\$1,151,731.63), CLA observed an increase of \$1,434,244.52. The District transferred \$3.5M from the LAIF account, and a payment of \$346K received from Rtx Corporation was transferred from the UTC Routine checking account. Additionally, the District disbursed \$1.02M for the Roemer Expansion Project

West Valley Water District Investment Memo – August 2023

and refunded \$1.86M to Lennar Homes for the project that has been completed. The remaining difference is due to normal activities.

During our review of the August 2023 Chase General Governmental Checking account bank statement, it was noted that there was no fraudulent activity. West Valley Water District (“WVWD”) has a procedure where the bank issues a check/ACH exception report for WVWD to review and reject fraudulent checks/ACHs as needed. Currently, WVWD has implemented check number and amount positive pay.

While the District reconciles its deposit accounts monthly, CLA found that the District has historically reported the month-ending bank statement balance on the Treasurer’s Report. Because the monthly bank statement does not take any outstanding checks or other withdrawals into account, the District may be overstating the General Government Checking balances on the Treasurer’s Report, which ultimately impacts its liquidity.

In August, the UTC Routine Checking account was \$5,000.56 and the UTC Non-Routine Checking account balance was \$48,636.50. The balances in both accounts went remained unchanged between August 2023 and July 2023. The relatively low balances in both accounts (in comparison with the historical balances) is due to the CFO’s emphasis on transferring more of its unrestricted cash balances to the District’s investments accounts to take advantage of the increased rate of return.

In analyzing the accounting for the District’s cash drawers (\$3,600) and petty cash (\$700), per the District’s accounting staff, the District’s cash drawers are normally reconciled daily. Each drawer is counted by the customer service representative responsible for the drawer and a secondary count is performed by the customer service lead or supervisor prior to the funds being relinquished to the District’s armored security provider, Gaurda, for deposit daily. Cash deposits are reconciled daily by the District’s accounting department. Petty cash is normally reconciled by the accounting department monthly. The District’s accounting department provided CLA with a formalized reconciliation for the petty cash account and the cash drawers for August 2023, therefore CLA was able to agree the cash drawers and petty cash balance to the District Cash Drawers summary schedule.

Section 9.12 of the investment policy asserts that “there is no limit on the percentage of the portfolio that may be invested in bank deposits.” Similarly, the State of California’s Government Code for Allowable Investment Instruments fails to dictate any portfolio standards for general bank deposit accounts. Although no maximum has been established for amounts invested in bank deposits by the investment policy or the State of California, CLA can verify that as of August 31, 2023 the District had 2.23% of its portfolio invested in bank deposit accounts.

Commercial Paper

Commercial paper is an unsecured, short-term debt instrument issued by a corporation, typically for the financing of accounts payable and inventories and meeting short-term liabilities. Commercial paper is usually issued at a discount from face value and typically reflects prevailing market interest rates. Per section 9.8 of the investment policy, the entity that issues the commercial paper should meet all the following conditions “(i) is organized and operating in the United States as a general corporation, (ii) has total assets in excess of five hundred million dollars (\$500,000,000), and (iii) has debt other than commercial paper, if any, that is rated at least the “A” category by a NRSRO. For a commercial paper

West Valley Water District Investment Memo – August 2023

investment to be eligible for the District, the commercial paper shall not have a maximum maturity of 270 days or less and no more than 25% of the District's portfolio may be invested in this category.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601 (h)) regarding Commercial Paper. These guidelines establish a maximum specified percentage of the District's investment portfolio for commercial paper at 25%. The State of California's guidelines also establish that maximum investment maturities for commercial paper should be 270 days or less.

As of August 31, 2023, the District had 0.00% invested in commercial paper investment. Therefore, the District is following both the investment policy and the State of California's standards.

Supranational

Supranationals are explicitly defined in Section 9.14 of the investment policy as "US dollar-denominated senior unsecured unsubordinated obligations or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank". Securities listed as supranationals must be rated in the AA category or higher by a NRSRO and no more than 30% of the District's portfolio may be invested in these securities with a maximum maturity of five years.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(q)) regarding supranationals. These guidelines establish a maximum specified percentage of the District's investment portfolio for supranationals at 30%. The State of California's guidelines also establish that maximum investment maturities for supranationals should be five years or less.

As of August 31, 2023, the District's investments in five securities categorized as supranationals was 0.98% of the total portfolio and securities maintained a maturity date of less than five years from the original purchase date. CLA can confirm that the District's supranational investments meet the standards of both the investment policy and the State of California.

West Valley Water District Reserve Memo – August 2023

Note:

All significant assumptions, methodologies and analyzed amounts were discussed with and agreed to by the District's accounting staff. From this conversation, we believe the District's accounting staff has the requisite knowledge and understanding of the processes/analyses prepared by CLA as not to impair our independence.

The district staff has prepared a new reserve policy, which will be presented to the Board for approval. The reserve memo has been updated to reflect all the changes.

Restricted Funds

Bond Proceeds Fund(s) – Balances in the bond proceeds fund accounts represent monies derived from the proceeds of a bond issue. Per the requirements of the District's reserve policy, the target level for the debt service reserve requirement is established at the time of the bond issue. Based on documentation provided to CLA, "no reserve fund has been established in connection with the issuance of the 2016A bonds." Therefore, the August 31, 2023 ending balance of \$156.04 satisfies the minimum balance requirements per the District's reserve policy.

Customer Deposit Accounts – Due to fluctuations in the number of utility customer deposits required and the number of development projects in process, no minimum or maximum levels have been established for customer deposit accounts. The customer deposit account balances presented on the treasurer's report are based on the ending balance on the general ledger for the month. The customer deposit accounts are reconciled monthly. CLA was able to confirm that the customer deposit accounts balance presented on the August 2023 Treasurer's Report reconciles with the District's general ledger. The August 31, 2023 balance of \$5,168,526.31 in customer deposit accounts satisfies the balance requirements of the District's reserve policy.

Capacity Charge Account – The District's reserve policy does not explicitly address or specify any minimum or maximum funding levels for capacity charge accounts. However, based on the reconciliation schedule provided by the District, CLA can confirm that the balance of \$46,005,596.95 presented on the August 2023 Treasurer's Report for the Capacity Charge Account reconciles with the documentation provided to CLA with no variance.

CIP Account in LAIF for Capital Purposes – On March 20, 2019, the District received a \$3 million dollar settlement as part of a larger association of local water districts and municipalities, from the San Gabriel Valley Water Company, Fontana Union Water Company and the San Gabriel California Corporation. The check was received and deposited into the District's General Government Checking bank account and the District's board approved the transfer of the \$3 million dollars in settlement funds to the District's LAIF account on April 4, 2019. While these settlement funds have been restricted for Capital Improvement Projects, currently there are no designations or allocations for District funding towards any Capital Improvement Projects.

Capital Reserve Funds

Capital Project Account – The capital project account is used for the funding of new capital assets or the rehabilitation, enhancement, or replacement of capital assets when they reach the end of their useful lives. Per the requirements of the District's reserve policy, "the minimum target level WWWD will strive

West Valley Water District Reserve Memo – August 2023

for is 100% of its then-current year fiscal year from the Capital Improvement Budgets plus 25% of the amount estimated to be needed the following fiscal year, less minimum levels established for the Emergency Account.” The District currently maintains a balance of \$10,294,995.00 (\$8,740,995.00 for fiscal year 2023-24 and \$1,554,000 for fiscal year 2024-25) in its capital project account, meeting the minimum target level required for both fiscal years. CLA was able to confirm that the District is in adherence with the minimum target level requirement as of August 31, 2023 by comparing the board-approved Fiscal Year 2023-24 Capital Improvement Budget which indicates a total CIP for fiscal year 2023-24 of \$8,740,995.00. The reserve policy only requires the district to maintain 25% of the amount estimated to be needed the following fiscal year (2024-25) which amounts to \$1,554,000, therefore, the District meets the requirement indicated in its reserve policy.

Emergency Account – The emergency account may be utilized to purchase water at any time or to begin repair of the water system after a catastrophic event. Therefore, a minimum target level equal to 1% of net capital assets of the District’s water system has been established to enable the district to manage emergency situations. Per August 31, 2023 general ledger detail reporting provided by the District’s accounting staff, CLA was able to confirm that the District’s net assets total \$139,008,865.23. As of August 31, 2023, the emergency account represents a balance of \$1,390,088.65 or 1% of total net assets, allowing the District to meet its requirements for the reserve policy.

Liquidity Funds

Rate Stabilization Fund – This fund is established to provide flexibility to the Board when settling rates to allow for absorbing fluctuations in water demand and smoothing out rate increases over time, temporarily defraying any unforeseen decreases in the sale of water. To remain in conjunction with the reserve policy, the District should aim to maintain a minimum level equal to 45 days of the District’s budgeted total operating expenses. Per the FY 2023-24 board-approved budget, the District anticipates operating expense of \$32,466,172.00 for the current fiscal year. The District’s current balance of \$4,058,271.50 in its rate stabilization account achieves the minimum target level for this account as indicated in the reserve policy.

Operating Reserve Account – This fund may be routinely utilized by staff to cover temporary cash flow deficiencies caused by timing differences between revenue and expenses or decreases in revenues and unanticipated increases in expenses. Given the significance of this account, the District strives to maintain a minimum amount equal to 90 days of the District’s budgeted total operating expenses in this account. Per the FY 2023-24 board-approved budget, CLA can confirm the District has an operating expenses budget of \$32,466,172.00. As of August 31, 2023, the operating reserve account maintains a balance of \$8,116,543.00, which satisfies the requirements of the District’s reserve policy.

Self-Insurance Reserve – As indicated in the minutes from the April 5, 2018 board meeting, the District’s board of directors approved \$5,000,000 in funds for employee liability claims and this amount is considered adequate based on conversations with the District’s CFO.

Balance Available for Daily Operations – This balance represents the District’s total cash balance less any fund requirements. For the month ending August 31, 2023, the District had a total of \$118,790,551.12 in various institutional accounts. The required reserve balances by type total \$82,254,000.15 and are categorized as follows:

West Valley Water District Reserve Memo – August 2023

- Restricted Funds- \$54,174,279.30
- Capital Reserve Funds- \$8,904,906.35
- Liquidity Funds- \$12,174,814.50
- Other Reserves- \$5,000,000.00

Based on the District's Treasurer's Report, which indicates a total cash balance of \$118,790,551.12 and fund requirements of \$82,254,000.15, the fund balance available for daily operations reconciles to the August 2023 Treasurer's report.

CLA reviewed the Treasurer's report for clerical accuracy and recalculated the total Unrestricted Reserves balance and agreed the totals to the August 2023 Treasurer's Report. The Treasurer's Report indicates that West Valley Water District's total cash, investment, and reserve balances as of August 31, 2023 total \$118,790,551.12. In its assessment of the District's accounts, the balances on the Treasurer's Report appear to agree with the supporting documentation provided by the West Valley Water District.
